Extract from the

BYLAWS OF THE SOCIÉTÉ INTERNATIONALE D'UROLOGIE concerning the application for SIU Membership including the changes approved at the General Meeting on October 15, 2014 at the 34th Congress of the SIU in Glasgow

1. Active Members

Active Members must be qualified urologists. The status of qualified urologist requires that the Urologist be certified:

- by a national accrediting body in the country of the candidate; or
- by the recognized national urological society in the country of the candidate; or
- in the absence of the above, by a foreign accrediting body recognized by the Board of Directors; or
- in special circumstances by the Board of Directors itself.

Application for membership requires sponsorship by one (1) Active or Senior Member of the Society in good standing.

Where a request for new membership would require the establishment of a new National Section with less than five (5) Active Members, such new members shall be considered to be Active Members-at-large.

The applicant will be considered an Active Member immediately if the requisites of the application are fulfilled, the dues are paid and the General Secretary has reviewed and approved the application.

2. Associate Members

Urologists or surgeons practicing urology but not considered qualified as per the above definition may become Associate Members.

The applicant will be considered an Associate Member immediately if the requisites of the application are fulfilled, the dues are paid and the General Secretary has reviewed and approved the application.

3. Affiliated Members

Physicians or health professionals engaged in affiliated branches of medicine may also become Affiliated Members.

The applicant will be considered an Affiliated Member immediately if the requisites of the application are fulfilled, the dues are paid and the General Secretary has reviewed and approved the application.

4. Senior Members

Active Members can request a transfer to Senior Member status when they reach 65 years of age on January 1st of the year of the request. Senior Members are not required to pay annual dues. If they wish to receive a subscription to the Society's Journal, they will be required to pay an annual minimal fee.

5. Trainee Members

Physicians who are engaged in full-time training in Urology may apply for Trainee Membership. The status of trainee in Urology (i.e. resident, registrar, fellow or other training post in Urology) must be certified by the head of the training unit. Trainee members will be required to pay an annual minimal fee if they wish to receive a subscription to the Society's Journal.

The applicant will be considered a Trainee Member immediately if the requisites of the application are fulfilled and the General Secretary has reviewed and approved the application.

At completion of the Urology training or after a maximum of five (5) years as Trainee Member, and upon certification of qualification as described in Article 1 above, the Trainee Member will become an Active, Associate or Affiliated Member.
